Manasquan Savings Bank Signs Deal with SDBIC to Offer Insured Safe Deposit Boxes

As the new-year begins, banks are striving to provide great customer service, while also trying to address the stringent compliance laws enforced by the CFPB. SDBIC will educate and inform your customers, meet the CFPB requirements, and create new revenue. There is nothing similar to our patented product in the marketplace, and over 300 banks nationwide offer our product to their customers.

Manasquan Savings Bank and SDBIC have partnered to provide the bank's customers with safe deposit box insurance. This convenient product insures all property stored within a safe deposit box, for the coverage amounts selected by the customer, without disclosure of the contents or need for an expensive appraisal, preserving the box holder's confidentiality and privacy. The coverage also includes \$3,000 of benefits for the replacement of important documents, such as: deeds, titles, will, or to restore damaged photos.

“Statistically, the frequency and intensity of natural disasters are increasing, and as a result so are the instances where safe deposit box contents are being destroyed. Our customers may now conveniently elect to insure their box contents at a low cost and without a deductible. Our insured safe deposit box provides protection for your property, superior to any home storage where your property is more vulnerable to catastrophes and perhaps not insured,” said Alan J. Stuart, Senior Vice President at Manasquan.

Insured safe deposit boxes are now available at all Manasquan branches where boxes are offered. For more information, visit the Bank's website at www.manasquanbank.com.

SDBIC's patented product insure against floods, fires, terrorist attacks, burglaries, robberies, and virtually all other man-made and natural disasters; covering all property in the box including: precious metals, cash, gem stones, diamonds, and even personal documents.

Manasquan Savings Bank is committed to providing the highest level of personalized service to its personal and business banking customers.
